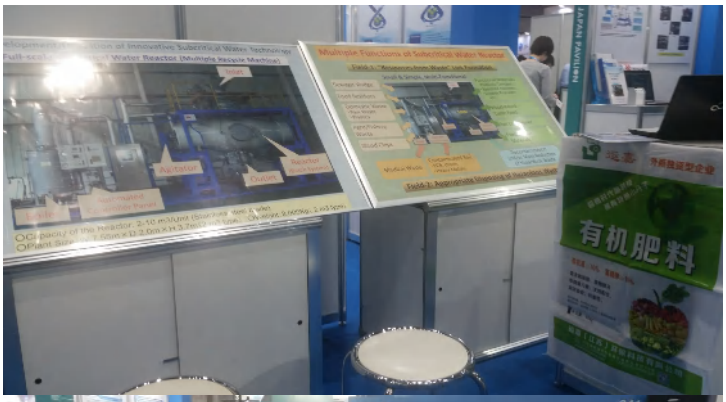
产品说明及使用方法

Utilizing high temperature / high pressure steam
subcritical water area
MRM Sub-critical water reactor
Processing organic waste safely and reusing it as resources (resource recycling)
Basic operation condition
100 to 200 ℃ / 10 to 20 atm
Inlet
Automated Controller Panel
Agitator
Outlet
Reactor (Batch System)



有机肥料

G-8 INTERNATIONAL TRADING Co.,LTD.
有机肥料

G-8 INTERNATIONAL TRADING Co.,LTD.
by product - liquid fertilizer
